

Special Notice To All Proprietary Electors Re Plebiscite, May 14th

YOUR MUNICIPAL COUNCIL'S POSITION ON HAIL SUPPRESSION

The many facts favoring the adoption of a hail suppression program have been given wide publicity by both its promoters in the Municipal District of Mountain View No. 49 and the Municipal District of Kneehill No. 48, and by the W.R.C.D. Modification Corp. Ltd.

The Municipal Council of Mountain View feel that further pertinent information and facts should be brought to your attention.

1. This is the first attempt, on a large scale, to attempt a Hail Suppression project in Canada.

2. Neither the Dominion government or the Provincial government will participate in rendering any financial assistance in the undertaking of this project.

3. The cost in dollars to the proprietary electors of Mountain View will be \$72,500 a year, payable or guaranteed prior to the commencement of the project.

4. The mill rate on the present tax structure will be increased by from 7 to 8 1/2 mills.

5. The Corporation offer no guarantee whatsoever of the success, either wholly or partial, of this project.

6. Because of the highly technical nature of this project there does not appear to be any way in which Municipal Council can supervise this project or assure fair value received for the funds expended.

7. Neither the Corporation or the promoters of Hail Suppression appear to be able to furnish your council with any authoritative reference material on past performance of Hail Suppression projects. Isolated examples such as Switzerland, Oregon and Nevada can scarcely be used to evaluate probable results in Alberta.

The Mountain View Hail Suppression Association have now requested that a plebiscite be taken to ascertain the feeling of the proprietary electors, and because of the apparent wide-spread interest in this Municipal District it is considered that you weigh the pros and cons of this project most carefully, and cast your vote at a plebiscite to be held May 14th, 1956.

COUNCIL OF THE MUNICIPAL DISTRICT OF MOUNTAIN VIEW, No. 49

Local Student Wins Honorable Mention

George Summers, a grade twelve student at Didsbury high school has won honorable mention in a Canada-wide essay contest. The title "Livestock Marketing in Canada" was used by all contestants and essays were received from all provinces.

Last Friday morning George was presented with a valuable pen and pencil set from the sponsors, in recognition of his honorable mention award.

CREMONA NEWS

(From Our Own Correspondent)

The C.G.T. girls entertained their mothers at a mother and daughter banquet on Monday, April 30th. Special guests were Rev. and Mrs. Magee, Mr. and Mrs. Alan Reid, Mrs. Alton Gano, and the guest speaker, Mrs. George Shaw. The banquet was held at the home of Mrs. Shaw. Lucille Young master of ceremonies. June May gave the toast to the Queen, Beverly Dunphy gave the toast to the mothers, which Mrs. A. Cameron replied. Mrs. D. Dunphy read a vote of thanks to the C.G.T. leaders for their work with the group and also to Mrs. Van Haffton and Mrs. B. Gano for their assistance in the kitchen. Mrs. Shaw's talk was both interesting and informative. Rev. Magee closed a most delightful evening with slides of camp council.

Mrs. Jerry Simington and Mr. Gordon Jackson took their Cubs and Scouts to Didsbury on Friday, May 4th, to see pictures of last year's jamboree, Niagara-on-the-Lake. Mr. Vair Reed and Mr. Alex Spence each took a carload of boys. Even Ronald Spafford cruises and all, went along.

Mrs. Virgil Burkholder was the birthday girl at a party at her home last Wednesday. Among those present were Mr. and Mrs. Lee Sanderson, Mrs. Burkholder, Jean and the boys, D. McBain, G. Laings R. Marks, Mrs. D. Sirt, Delbert and Ralph Smith. Mrs. Bennett has been teaching in Mrs. Bennett's room. We wish a speedy recovery to Mrs. Cooper.

WORKING UNDER DIFFICULTIES AGAIN

Once again the guy that runs this office went out of control (we don't mean the fellow that signs the cheques, we mean the mechanical monster that produces the type). Consequently we've had to call on our neighboring printing establishments to make use of their linotypes this week. We trust you will not find too much wrong with this issue and hope to be posting our own keyboard come next week.

AN EDITORIAL —

What Do You Think?

Everyone has been talking about "it" — most people are very interested in "it" — the only way we can see to have a fair appraisal of "it" is to have the ratcatchers out to vote on "it."

We speak of the weather modification — hail suppression plan — which will be put to a vote on Monday, May 14th.

Pertinent information from the municipal council, the hail suppression association and other interested parties, appear elsewhere in this issue.

Those who carry the power of the vote, those who it concerns more than anyone else, should not be reminded to exercise their franchise. However, we're going to try and impress them a bit. The polling stations are outlined in this paper. Make sure you cast a ballot and make the decision definite on "it."

BROWNIE GROUP ORGANIZED HERE

Brownie group was organized May 8 at the Scout hall. Miss Beth Riddoch, provincial field secretary for girl guides, was in charge of the meeting assisted by Mrs. Bertha Ady, Lone Guide Captain.

Miss Riddoch gave a talk on Guide work, how it was formed, and demonstrated some of the ceremonies, after which they formed the local association which will be in charge of Brownie and Guide activities in the district. It is hoped a Guide group will be formed in the fall.

All mothers of Brownies are members of the association. Executives are as follows: chairman, Mrs. Vera Reiffenstein; secretary, Mrs. Joan Cathness; other members of the executive are Mrs. Bill Cowan, representing the auxiliary and Mrs. Jack Riddoch and Mrs. Ed Wiggins representing the mothers of the Brownies.

The age limit for members are from 8 to 11. Meeting will be held every Tuesday afternoon immediately following school.

WEST NOTES

(From Our Own Correspondent)

The Rugby W.I. sponsored a picture show in the hall last Friday evening, when pie and coffee were served. Proceeds derived will go into a fund established to join the Rosebud Film Unit. Les Evans and Ray Vipond were in charge of the projectors.

Mrs. Papke Sr., of Calgary, was a weekend visitor at the Banting home and Saturday evening, Mr. and Mrs. W. Papke, Big Prairie, Mr. and Mrs. Goetjen, Westcott, and Mr. and Mrs. Stevenson, Sundre, held a birthday party in honor of Mr. H. Papke.

Mr. and Mrs. R. Neufeld and family visited the latter's parents, Mr. and Mrs. Alfred Cowitz, over the weekend.

Mr. and Mrs. R. Bagshaw and Mrs. Lettis, visited with Mr. and Mrs. J. Bagshaw on Sunday.

SPRING TRAINING!

Torchy Pedan (we mean Frank Kaufman) put a lot of younger men to the test when he conducted a foot race with a new model car. Seems like Torchy parked his car for a moment and when he got out and turned around the car was moving down the road with no one at the wheel. The race was on — man against the mechanized beast. The beast, apparently agitated, ended up in the ditch. The winner — Torchy — with the help of a tow truck.

Lions Club Elect New Officers

Didsbury Lions Club held one of its more interesting meetings last Thursday when officers for the coming year were announced. The guiding body for the new term will be headed by Ed Ford, past president is Cliff Sorenson. First vice-president is Tom Morris. Bob Dubois and Charles Snyder follow as 2nd and 3rd vice-presidents. Fred Evans will again act as treasurer. Alex Elston will take the notes as secretary. Lion tamer is Albert Krebs and Jim Peterson will do the tail twisting.

Directors include: Bill Collinge, Doug Gooding (2 years), Bill Cowan, Ace Keler (1 year).

During the meeting the hospital question came in for a lively discussion and George Thring, as guest speaker, enlightened the gathering on the situation that exists here now. The question period brought out lots of fireworks, lots of information unknown to many. That's the way it should be. Let's have more of it.

Pioneer Resident Passes Away

Mrs. Katherine Dyck passed away at her home Monday night at the age of 71.

She was born in Russia, and settled in the Didsbury district, where she resided on a farm until her retirement to town in 1945.

Mrs. Dyck was a member of the United Missionary Church of Didsbury.

Surviving are her husband, Nikolai, three sons, Nikolai and Jacob, both of Didsbury, and Peter of Calgary; four daughters, Miss Mary Dyck, Didsbury, Mrs. H. (Katherine) Reimer of Gen. Mrs. R. (Anne) Lucas and Mrs. A. (Agnes) Lucas of Calgary. There are 12 grandchildren.

Rev. Ray Shantz will officiate at funeral service in the United Missionary Church, today, (Thursday), at 2:30 p.m. Burial will follow in the Didsbury Cemetery.

Home and School Plan Conference

Didsbury Home and School Association will hold their regular meeting on Monday, May 14, at 8 p.m. in the school auditorium. The program feature will be the showing of the film "Appointment with Youth," a film which has been developed for the "Teacher Recruitment and Retention Campaign" and which honours the teaching profession. A special invitation is extended to the senior high school students to be present.

Harmattan News

(From Our Own Correspondent)

Mr. and Mrs. R. Turnbull are receiving congratulations on the birth of a son Wednesday, May 2nd at the Olds hospital.

Mr. and Mrs. R. Bieber are receiving congratulations on the birth of a son Friday May 4th at the Olds hospital.

Mr. and Mrs. Walter McArthur and Miss Niel McArthur were weekend visitors to Mr. and Mrs. M. Knights. Also visiting at the weekend were Mrs. R. T. Knights of Devon and her son Constable Bob Knights, R.C.M.P. formerly of Burnaby, B.C. who is holidaying at Devon before leaving for Aklavik where he will be stationed for three years.

Mr. Dodd was home last weekend from Banff where he is employed.

BARGAINS AND PRIZES FEATURE SHOPPING SPREE

A three-day shopping spree sponsored by the Board of Trade ended Saturday night after a successful weekend spurge of bargains set up by local merchants.

The holder of ticket No. 6461: A mantel radio goes to the lucky person who carries No. 11613. Who should the above numbers not be produced within two weeks the alternate numbers will be eligible. They are: No. 5378 and No. 11188.

St. Cyprian's W.A. Plan Strawberry Tea

St. Cyprian's W.A. held its May meeting at the home of Mrs. Roger

The members are grateful to Mrs. Campbell for allowing space in Campbell's Food Store for selling Mother's Day tea on May 12.

The date for the annual strawberry tea was set for June 16 in the Lions hall.

Mrs. Freeman, Mrs. Syd Wilkins and Mrs. David Pratt are planning to attend the same sessions of the Diocesan annual meeting in Calgary, May 9, 10, and 11. Mrs. J. E. Hugel, formerly of the local branch and now of Okla., will reply to the address of welcome.

Science Has Proven It Can Minimize Hail . . .

YOUR HAIL SUPPRESSION ASSOCIATION GOES TO BAT

YOU HAVE THE PRIVILEGE TO VOTE FOR HAIL SUPPRESSION ON MONDAY, MAY 14th. VOTE WITH AN "X".

This will be for one year only. Authoritative sources state definitely that hail can and is being suppressed. The following are the sources:

Dr. Balfour Currie, professor of physics at the University of Saskatchewan; United States committee on weather control; personal observations by Mr. H. Semrau of Olds, and Mr. George Summerville of Three Hills.

Hail Suppression has proved itself again this year in the California area. One of the worst hail conditions in years passed over that area as recently as two weeks ago. While no commercial damage is reported in the area, up to 100 per cent resulted outside the area.

Let us remember that a super-cooled cloud that develops our hail is EXACTLY the same type, whether over Alberta, Oregon or Switzerland.

As a client service the corporation have offered to supply a long-range forecast for a period of six months, free of charge. This will be in the form of a two months in advance forecast.

If a contract for Hail Suppression is signed as a result of the plebiscite on May 14, the corporation will open an office in Calgary. All weather information that is available in the office will be freely given in the contract areas.

At this plebiscite it rests in your hands whether we undertake to find out how greatly this hazard can be reduced this year, or whether we sit and watch hail storms wipe our crops.

Scouts and Cubs Meet with Parents

On Friday evening, May 4th, Scouts and Cubs from the First Didsbury Troop and the Westcott Troop, entertained their parents in the school auditorium at a parents' night banquet. Mr. George Thring was master of ceremonies for the occasion and introduced the troop leaders and guests to the gathering.

Following the banquet the tables were cleared away and a sing-song held after, which the film of the "World Scout Jamboree at Niagara Falls" was shown.

Scouts from the Second Didsbury Troop, Carstairs, Cremona and Crossfield were present for the showing of the film.

This is the first time the Westcott and Didsbury troops have held a joint parents' night and 145 people were present at the banquet.

REMINDER REGARDING HIGH SCHOOL YEARBOOK

A reminder — The D.H.S. yearbook is well under way and the committee are becoming a little anxious about the financial status. The book contains pictures of every student in grades 10, 11 and 12, of all teachers on the high school staff, and of all extra-curricular activities such as sport, parties and students union.

We are anxious to have this project run out successful so that it will be a challenge for students of future years.

We have extended the deadline from March 30 to June 1 so that anyone wishing to purchase a book may do so yet.

Orders may be payable to either Bonnie Clarke or Elaine Kimmel.

As adults responsible for the welfare of your community please support your teenagers in this project.

With regard to the poll on the Gas Franchise, May 25th, all property owners are entitled to a vote.

If you work for a company, you may vote by proxy, if you present a letter at the poll from your head office, authorizing you to do so. If both husband's and wife's name appear on a title, each is entitled to a vote.

The Gas Company will lay pipe to all parts of the town, and as far as your property line, and from there into your house it will cost 75¢ per foot, which includes both ditching and piping. To reconnect your furnace to gas will cost anywhere from \$50 to \$150.

The cost of gas per month to all customers (domestic, commercial and industrial) will be as follows:

First two thousand cubic feet per month - 50¢ per thousand cubic ft. For an average domestic home the annual cost for gas will be \$118.00. Commercial customers using in excess of 3,350,000 cubic feet per year may use the rate of: Fixed charge \$35 per month plus 38¢ per thousand cubic feet thereafter.

The poll will be held in the Town Office, May 25th from 10:00 a.m. to 5:00 p.m., and a two-thirds majority will be necessary to carry the vote. Make sure your name is on the Voters' List by calling at the Town Office. When you mark your ballot use an X.

It is expected that a pipe laying crew will be in Didsbury during June, and the whole gas system for Towns between Penhold and Crossfield will be returned on during October.

To Mr. and Mrs. Frank Shaw of Carstairs on May 2, a daughter.

To Mr. and Mrs. John Wiebe of Didsbury, on May 3, a daughter.

To Mr. and Mrs. Frank Colvin of Water Valley, on May 7, a son.

To Mr. and Mrs. Gordon Phillips of Didsbury, May 6, a son.

To Mr. and Mrs. Walter Klemky, of Cremona, on May 7, a daughter.

CHRISTIAN SCIENCE

How spiritualization of thought brings man enlarged ability and opportunity will be brought out in the Lesson-Sermon entitled "Mortals and Immortals" at Christian Science services Sunday and Health with Key to the Scriptures by Mary Baker Eddy include the following (265:5 - 15): "Mortals must await God's will, their afflictions and aims grow spiritual, — they must near the broader interpretations of being and pain some proper sense of the infinite. — In order that sin and morality may be put off.

"This scientific sense of being, forsaking matter for spirit, by no means suggests man's absorption into Deity and the loss of his identity, but confers upon man enlarged individuality, a wider sphere of thought; and action, a more expansive love, a nobler and more permanent peace."

Find Out for Yourself!

Why So Many Farmers Choose the JOHN DEERE '40'

Have you ever had a chance to really become acquainted with a John Deere Model '40' General-Purpose Tractor?

You have read about these modern 2-plow tractors... you've probably heard owners remark about their amazing power for their size... their low gas consumption... their wide selection of pickup tools for the 3-point hitch... and the way Touch-o-matic hydraulic control makes hard work easy.

But we say there's only one way to really get to know the many John Deere advantages, and that's by actually driving one of these good-looking, good-performing tractors on your own place.

Just ask us for a date—that's all you have to do. There's no obligation on your part.

CLASSIFIED ADS PAY THE SHOT...

Your Day Dreams Could Become Nightmares...

Farm danger versus farm safety is in our thoughts at this season as we wait for the incessant drum of tractors to announce that spring work is under way.

Spring work time is danger time. This year, with a late season in many districts, the resulting rush could cause more tragic accidents than ever.

Last year, there were eight tractor deaths in the month of May; twice as many as September, which with four was the second worst month of the year. One death has occurred already this year.

Long hours of jockeying a tractor plus more hours of other chores and trips to town don't leave enough time for truly restful sleep and tired machine operators are a hazard to themselves and those they work with.

Of course nothing can take the place of sleep but a break for coffee with an opportunity to ease tired muscles will often help to overcome fatigue and restore alertness.

Industry long ago found that production slowed and accidents increased, after two to three hours of work. The coffee break was instituted and workers were then able to continue the operation with almost the same vigor as at the beginning of the shift.

In the spring, farm work can't wait, but the operator who takes chances by working himself into a state of exhaustion is inviting a known danger that can kill or cripple him.

Numerous examples could be cited of farmers whose good judgement would normally prevent foolish actions, but who, tired and anxious to get their land prepared, have dragged a tiller into a soft spot; then in trying to get it out, have back-flipped tractor and died under it.

Yes, tractors back-flip and side-tip and run over men who fall off. They buck over children, entangle people in moving parts and go out of control in road gear, but they don't do these things unless their operators have become careless. No man in charge of a tractor can afford to be careless... even for a second.

An Irishman, after paying his respects in the cemetery, walked about looking over some of the old tombstones. He stopped before one on which was engraved: "Here Lies Sandy McGregor, A Generous Father and A Plow Man."

"Huh! Just like the Scots," he mumbled to himself, "three men in one grave."

This is a drawing of the atom bomber of the future, with built-in fighter, escorts ready to zoom off to battle from their parking stations on the

mother plane. The craft, called "Project Opposum," because of similarity to the opossum method of carrying its young, was described to the So-

ciety of Automotive Engineers in New York by atom plane specialist Lee A. Ohlinger of Northrop Aircraft, Inc.

Tourists Deserve A Small Bow

Tourist Service Week (May 6 - 12, 1936) is Canada's traditional spring campaign stressing the needs and desires of all who visit and travel in our country. Since 1946 Tourist Service Week has provided a recurring occasion for special attention to tourist trade problems by all appropriate provincial, regional and municipal authorities, local businessmen's associations, shops, restaurants, hotels, motels, resorts, service clubs, the schools, the press, radio and TV.

While Tourist Service Week is only one week in the year, its messages to Canadians is something for them to act on every week the year round — to enhance in every possible way the reputation of their own communities and of all Canada as hosts to all visitors.

The widespread benefits of a healthy "Visitor Industry" are felt first at the local level where visitors spend money. One of the aims of Tourist trade are shared only by those in certain fields of activity such as accommodation and transportation. The fact is, everybody benefits. Whether you happen to do for a living — whether you work in industry, farming, trade or some other business or profession — you can be sure that some part of your income originally came from VISITORS to your community or your country.

LIQUOR COMMISSION TO START HEARINGS

A special committee composed of eight members of the Alberta Legislature, appointed to study the Liquor Control Act, will commence public hearings of briefs on June 18.

Headed by chairman Edgar Gerhart, the committee is composed of M.L.A.'s from each major Alberta party. Members are Hon. A. O. Ambrose, Ira McLaughlin, Harry Strom, Chester Sayers, R. E. Hall, Percy Page, and N. W. Dushenski. Clerk of the Legislative Assembly, Ray Crevelin, has been appointed committee secretary.

Appointed to review all phases of existing liquor legislation, the committee will make recommendations on necessary amendments at the next sitting of the legislature.

Organizations and associations are being asked to prepare briefs on changes they feel should be made to present legislation. The closing date for submission of these briefs has been set as June 1 and public hearings are scheduled to start on June 18.

To gain a composite picture of all issues involved, the committee has held meetings with the Alberta Liquor Control Board to study the Liquor Control Act.

Submissions from private individuals and groups will be accepted until June 1, and the location for public hearings will be announced at a later date.

MOUNTAIN VIEW

[From Our Own Correspondent]

The regular meeting of the Jolly Juniors Girls club will be this Friday, May 11th the home of Alice and Rose Marie Hamper. Anyone is welcome to attend.

The Franklin Orchestra will be playing at Mountain View Hall this Friday evening, May 11th. Everyone welcome.

Mr. and Mrs. Lester Pross and son were Sunday supper guests with Mr. and Mrs. Eric Atkinson and Larry.

Mr. Myron Gebers spent five days at home with his parents.

Mr. and Mrs. W. Mamon visited Thursday evening with Mr. and Mrs. Arthur Gebers.

Mrs. Dowell visited Saturday evening with Mrs. Arthur Gebers.

No Need For Continuous Advertising

Preachers...

Should preach only one sermon or so a year. People are against sin anyway, so why harp on it.

Traffic Lights...

Should be turned off at dangerous intersections to save electricity. Everybody knows it's a dangerous spot and that is sufficient.

Teachers...

Do not need to review lessons. Tell the children just once and they'll never forget.

Highway Police...

Stop driving up and down the highways. No need to caution drivers by patrolling highways. Drivers know the law and should obey.

Out of Towners...

That advertisements in the local paper and mail order firms that send out catalogues are wasting their money. Everyone knows what is sold in the stores in town and they'll all shop at home.

But if you are one of the foolish kind — like the Notre Dame cathedral that has stood for six centuries but still rings the bell every day to let people know it is still there — and believe in continuous, profitable advertising then you will want to advertise in

The Didsbury Pioneer

WATCH THEM GROW

Is your boy beginning to take an active interest in farming? Most boys do as they grow up. Encourage him! Now would be a good time to help him start his own bank account.

Introduce him to your Royal Bank Manager and let him handle his own financial affairs. He'll be happier with his own projects to work out—his own bank account to build. And you'll enjoy watching them grow together.

Ask for a copy of our booklet "Financial Training for Your Son and Daughter". It provides a practical pattern of financial training for any parent with growing children, shows you how to encourage them to stand on their own feet in financial matters. It is free, at your nearest Royal Bank branch.

VOTING HOLDS THE SPOTLIGHT . . .

A vote to decide whether or not the ratepayers of M. D. of Mt. View should engage in a hail suppression project will be held throughout the municipality on May 14th. In other sections of this issue you will find a great deal of informative material regarding the project; some think it should be tried, some think it's a lost cause before it starts. Those who pay the shot — the ones with a vote — should definitely make their stand clear come voting day. We've heard enough of the sidewalk talk — let's wait and hear what the count is on this very controversial subject. (By the way, we're neutral, we're gonna' take the easy way out on this one!)

A vote to decide whether we should have natural gas in our homes and place of business will be held on May 25th. Once again we refer you to other pages to glean the details of this important move. We found out what that MCF figure stands for — 1000 cubic feet — take it from there.

A vote will be taken on that other deal that was turned down a short year ago — you know what we speak of — the very necessary expansion of our local hospital. When we say "our" in this instance the term is used very loosely. Patients arrive here from all parts of the area surrounding us and all expect the best in accommodation, plus expert service from the doctors and nurses. Yet they do not pay the same rates as we do, in fact they live here a bit cheaper than the ratepayers within our hospital district. Don't you think a change should be made? We do!

A number of the local Lions Club members Thursday evening, heard a very revealing expose of the situation that exists here at the present time. We haven't space to give you all the details, but we'll sure give you some of 'em:

The present capacity of the hospital is 21 beds, 4 cribs and 8 bassinets. Under conditions that now prevail, seems like things will not change until at least an 18-bed addition is made to the present layout.

A ream of facts and figures are available to us but for now we must hold off for reasons of time and space. We have no pictures for this week, but we can't say it's because of lack of material — they're still in the halls and the waiting rooms.

Wish you were there?

Open - Mouthed Bandits ???

Noticed by The Drumheller Mail that the coal city had installed parking meters, Edmonton issued a very fine financial report on the results of their installation of open-mouthed highwaymen, with some one hundred and seventy thousand dollars going into the city treasury. No mention was made of a civic project for the relief of the parking problem in the self-styled Oil Capital of Canada. In our opinion, the parking meters are just one more burden to be placed upon the unfortunate motorist. We wish our Premier had the intestinal fortitude of the Governor of the State of North Dakota, who outlawed the highway bandits' from that state.

SERVICE BOARD NOTES
 By W. E. SNYDER
 Agricultural Service Board

TREE PLANTING: Alberta's supervisor of horticulture, Mr. McAlla reports that close to 2 million trees have been or are being expressed to over 2000 Alberta farmers. These trees come from provincial nurseries at Brooks and Oliver and the Forestry Nursery Station at Indian Head. It is important to give these bundles of trees immediate attention on arrival. In most cases it is impossible to place them in their permanent position unless your ground is dry and well prepared. You should therefore "heel" them into the ground as follows: In the case of rooted trees of any variety, open the bundles, dig a trench on the shady side of a building and set the trees into the trench so that all the roots are well covered with moist earth. If you have cuttings you should open the package, take off the paper wrapping but don't undo the bundles, just bury them completely in moist earth. It would also be a good idea to make sure the rooted trees are somewhat protected from frost. The nights still get pretty cold even though we are in the month of May. If this treatment is given these trees on arrival they will keep until we can get around to plant them with the tree planter.

I have calls from many farmers already who have trees they want us to plant and we will get around to them with the greatest possible haste. You provide a tractor and an operator and we will do the rest for you.

MONEY WELL SPENT

The old doctor decided to retire from his practice and turn it over to his son. After a while the old man asked the son how he was making out. "Fine," said the young doctor. "In fact, I've been able to do something you couldn't do. I've cured Miss Smith's indigestion."

"Good for you," said the old man, "but don't forget, son, it was Miss Smith's indigestion that put you through college!"

Who Would Pay The Interest

One of the weakness of marketing grain through a Board is that no farmer knows what his grain sells for. All he is told is the weight and the grade of the grain he delivers, and the net price per bushel he is entitled to receive. He is not told how this net is arrived at, or what deductions are made from the actual selling price before the final distribution.

WEST DIDSBURY CALF CLUB HOLD REGULAR MEETING

Regular meeting of the West Didsbury Calf Club was held at the farm of Mr. J. H. Hosegood on April 26th. Dwylla Byrt, James Hosegood and Mr. J. Hughes placed the animals that were judged by members.

Following the judging members moved to the house to complete the meeting. Roll call was answered by 12 members. Reports given included "Pneumonia" by Ronald Levagood and "Exercise of a Calf" by Norma Larson.

Mr. J. Hughes suggested that each member receive a remuneration of \$2 from the club at the time of the annual sale at Carstairs.

The field day this year will be held at the Schelkie farm west of Carstairs on June 2.

This was the last meeting of the season and reorganization plans will be announced later for the coming term.

THE HELPING HAND

"Can you help me," petitioned the sleek customer, "select a gift for a wealthy old aunt who is awfully weak and can hardly walk?"

The astute clerk considered, then suggested, "How about some floor wax?"

But this is made.

This practice of keeping the farmers in the dark, leaves them exposed to the misrepresentations of persons who don't always tell all the facts.

All the talk in Parliament, and out of it, about the injustice of making the farmers pay interest on the money they borrow from the banks, is calculated to make them believe that cash advances through the Wheat Board on grain still in the farmers' hands, would be interest-free.

Such is not the case. The Wheat Board has no money of its own to lend on wheat, or even to buy wheat. All the money it could have for these purposes would have to be borrowed from the banks; and interest would have to be paid on it. That interest has to come out of the value of the wheat and, whatever it amounts to, is deducted before the final payments are made to the farmers.

Whether they borrow from banks on their promissory notes or through the Wheat Board on the security of their grain, interest has to be paid, and the farmers have to pay it.

The difference is that if they borrow from the banks each farmer pays in proportion to the amount he borrows, and for the time he owes it; but if they borrow through the Board, each pays interest in proportion to the number of bushels he sells whether he borrows or not.

Let us take four farmers, A, B, C, and D, each of whom has 3,000 bushels of wheat to sell. Suppose that A wants to borrow \$1,500; B wants \$1,000; C wants \$500 and D thinks he can get along without borrowing. If they do their borrowing from the banks A will have to pay interest on \$1,500 for the length of time he owes

it. B will have to pay on \$1,000 for the time he owes it. C will have to pay on \$500 for the time he owes it, and D won't have to pay any interest at all.

But if they get these amounts as advances on their grain, from the Wheat Board, they will all have to pay the same amount of interest. Even D who doesn't borrow anything will have to pay as much interest as A who borrows \$1,500, for the total interest charges the Board has to pay will be charged against all the grain it handles, and all farmers who deliver wheat to the Board will have to pay a share of that interest.

This will be deducted from the price the Board receives for the grain it sells, before final settlement is made with the farmers.

When the Board makes its final payment to the farmers for the grain they have delivered to it, this deduction for interest charges will already have been made, and it will have been made so deftly that no ear will be visible to indicate to the farmers that such an operation has been performed.

— The Rural Scene

Grain Now On The Move

The grain movement in Canada has moved into high gear. Shipments out of both country and terminal elevators and exports are currently running at the highest level of the year.

Loading of grain out of country elevators has been stepped up and during the week ending April 18 it averaged 1,238 cars daily compared with 764 for the season to that date. During the corresponding week last year, country elevator loadings averaged only 530 daily. Because of difficult road conditions in many sections, grain is being moved out of country elevators faster than farmers are able to deliver and considerable space has been created. On April 18 stocks of all grain in country elevators dropped to 238.7 million bushels, leaving some 77 million bushels of empty space, over half of which was in Saskatchewan, Alberta and B.C. country elevators were carrying 92.6 million bushels as against an effective capacity of about 110 million.

Between the opening of navigation and April 18 nearly 32 million bushels of grain had been moved down the lakes and despite the substantially increased number of unloads, a good deal of empty space has been created in the terminals.

Exports of wheat have picked up and by April 18 had almost caught those made in the same period of last year. At Christmas time they were nearly 25 million bushels behind.

A recent survey conducted by an independent organization for the Canadian Cancer Society shows that although 30% of the women of Canada hold the erroneous opinion that cancer is never cured, more and more women are becoming aware of the symptoms of the disease and realize the importance of early diagnosis and treatment.

Prevalent Information On Hail Suppression Project

In an effort to make available to Proprietary Electors all prevalent information in connection with Hail Suppression, the Municipal Council of Mountain View wrote to the United States Advisory Committee on Weather Control, Washington, D. C. A copy of the reply received from that Committee is reproduced here-with.

"Please let me acknowledge and thank you for your letter of April 16. You state that you have been advised that our Committee has had considerable experience in hail suppression. This is not correct. We have not had a great deal of experience with these projects. All the same I may be able to make some helpful remarks.

"Not long ago, I wrote a letter to an officer of one of the leading carrying concerns of this country, and I think that my comments in this letter may be of some help and, therefore, I shall quote it.

"The reason for our great interest in the possibilities for hail suppression is that the physical theory appears attractive and feasible. We do not, however, have the kind of evidence that would enable us to speak with desirable positiveness about actual accomplishments. Here is what I wrote in the letter to which I have referred above:

"You asked for information which would help you in arriving at an objective opinion on the effectiveness of weather modification in general and hail suppression in particular. Enclosed please find copy of our recently issued interim report and an information sheet we issued at the same time. I think you will find these documents some general comments which will be helpful and interesting to you.

"The frequency distribution of hail is such that statistical evaluation of hail suppression projects is very difficult. Furthermore, hail data is often unreliable. For these reasons and others, we have only been able to evaluate carefully one hail suppression project carried out by the Swiss government. You will note a reference to this evaluation in the documents enclosed.

"We have visited an area in Northern Oregon where a hail suppression project has been carried on for two years. One farmer in the area said he had lived there for forty-five years and did not recall any year in which they did not have hail except the last two. This comment and others of people in the area do not qualify as scientific evidence, of course, and I only pass this information to you for what you may think it worth. We know of another hail suppression project involving part of California and Oregon. We have not talked to people in this area but the operator claims that he has been successful.

"I am afraid that we must say that you and other interested groups can only find out the answers for your or their areas by trying it out. Even then, if the hail data for the past are not good, you will have to be satisfied with your own estimates of the results rather than a careful statistical evaluation.

"We believe that one of the cloud seeding concerns will be undertaking a hail suppression project in the Scottsbluff, Nebraska area. In this case the past hail data are not good, but there is a possibility that the records of the Great Western Sugar Company of hail damage may provide data that will enable us or some other interested group to perform a satisfactory evaluation.

"If you have any further specific questions, please do not hesitate to write. We will be glad to hear from you, especially if you do decide to sponsor a program. We would be interested in learning from you the apparent results of your operation."

The interim report and documents are to voluminous to reprint here, but are available for perusal by interested parties at the Municipal Office during regular office hours.

Council of Municipal
District of Mountain View,
No. 49, Didsbury, Alberta.

DIDSBURY INSTITUTE HOLD INTERESTING MEETING

The May meeting was held at the home of Mrs. Gus Bittner. It opened with song and creed. The roll call was where I'd like to visit and its flower. The minutes of the last meeting were read and discussed. The treasurer, Mrs. N. McKay then gave her report.

Mrs. A. Shannon read her report of constituency executive meeting and a discussion followed. The Handicraft Tea to be held May 26 in the school auditorium and constituency conference is to be held in the United Church on June 22 with Mrs. McDonald as delegate.

Mrs. A. Esler to attend Board of Trade meeting when they will discuss the Rest Rooms.

But of Fun was given by Mrs. E. Wahl and was about Didsbury's people this was interesting with 3 ladies having same amount right.

An exchange of slips and plants took place.

The meeting was for the grandmothers with receiving a gift.

Mrs. A. Shannon, Mrs. N. McKay to receive F.W.I.C. pins and to pay Mrs. McDonald for her pin.

Farmers Want Later Store Hours?

Two recent public opinion surveys — one nation-wide, the other Ontario-wide, have found that seven out of ten Canadians are in favor of being allowed to shop at retail stores one or two evenings a week. In many localities such a change in store hours would require a change in existing early closing by-laws.

Both of these public opinion polls report that rural and smaller town residents are more strongly in favor of evening shopping than are residents of the largest cities, a disclosure that has surprised some commentators.

There are, of course, sound reasons for this variation in opinion. To many city families shopping is not a real problem. When necessary the housewife can get to the store and home again within a few minutes, or one of the children can be sent, or father can stop at the store on his way home from work. Also, most city workers are on the forty-hour week, which leaves one whole day available for the family shopping expedition.

The farm family, of course, has neither as much time free for shopping nor are stores as easily available. Probably no group in the

whole population would benefit as much as farmers through reform of store-hour regulations.

The early closing laws as they exist in most of Canada are an anachronism. The first of such laws was enacted in Ontario about 70 years ago. Its primary purpose was to protect child employees against exploitation.

In the intervening years provincial labor codes have taken over this function of the early closing laws, setting maximum hours for store clerks just as for factory workers and other industrial employees.

But the early closing statutes remain on the books and, in most places in Canada, municipal councils must impose six p.m. closing on all stores in any particular trade if such a by-law has been requested by three-quarters of the shopkeepers in that trade.

The public has no control over such by-laws, nor have those retailers who might wish to remain open in the evening. Today the early closing laws exist solely for the convenience of those retailers who prefer to close at six p.m. and who do not want competitors to be free to remain open while they themselves are closed.

It is hardly surprising that public opinion polls find that farmers, whose work hours normally extend well beyond six p.m. would prefer to have opportunity for evening shopping one or two evenings a week.

DON'T LET THIS HAPPEN TO YOU!

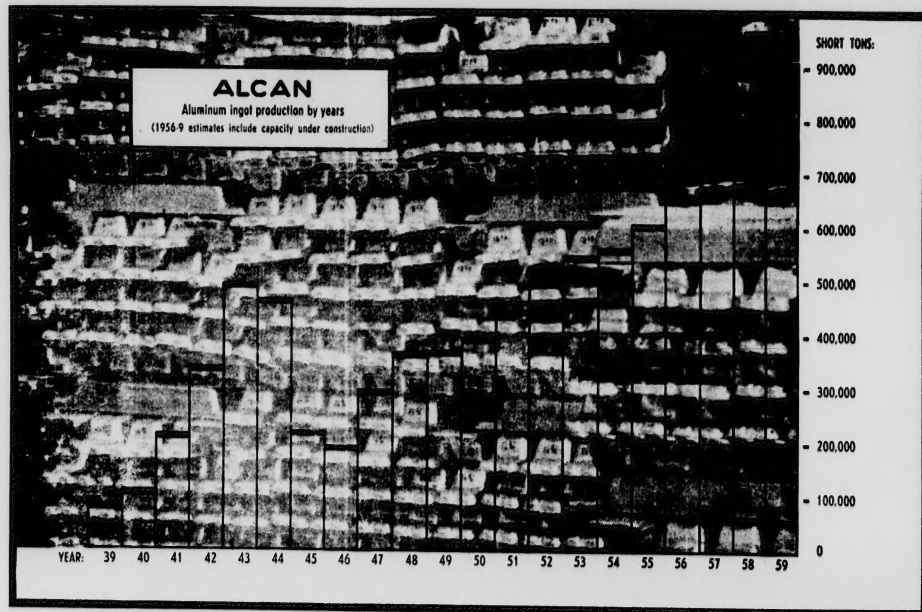

Change gears *before* crossing

CANADIAN ALUMINUM

1955 capacity to be expanded 50% by 1959

EXPANSION PROGRAMME LARGEST IN THE INDUSTRY

Its matchless combination of qualities — lightness, durability, strength, appearance — has made aluminum second only to steel in world markets. New uses — for both civilian and defence purposes — keep increasing the relentless demand. The world demand for aluminum is presently in excess of supply and the immediate prospect is that, like other basic materials, aluminum will be a scarce metal during the months ahead. Despite continuing expansion of producing facilities, as shown in the chart above,

the fact is that the demands go up at a rate faster than new production can be pushed to completion at Isle Maligne in Quebec and Kitimat in British Columbia.

Steady increase in productive capacity has been accompanied by a corresponding increase in employment and payroll. Today in Canada there are 20,500 Alcan employees.

The payroll at the rate of \$70,000,000 a year contributes to all phases of Canada's standard of living.

TRADES TRAINING
OPPORTUNITIES
FOR YOUNG MEN
OF SIXTEEN

Do you want to earn while you
 learn a trade? Under the Canadian
 Army Soldier Apprenticeship Plan, start-
 ing 1st June, the Canadian Army
 will accept a limited number of
 young men for training in 19 different
 trades.
 The training course lasts for two
 years and then the Apprentice
 receives —
 • Half pay to the age of 17 then
 full pay
 • 30 days paid holidays a year
 • Medical and dental care
 • Travel and adventure
 • A healthy active outdoor life
 To be eligible applicants must be
 16, not yet 17, have a Grade 8 educa-
 tion, and be able to meet Army
 physical standards.
 As only a limited number of applica-
 tions can be accepted make your
 application early.
 Mail the coupon below, telephone
 or visit your nearest recruiting
 station.

No. 12 Personal Dept., Currie Barracks,
 Calgary, Alta. — Tel. 4271 (Loc. 7)
 Army Recruiting Station, 10642 — 101st Street,

What Other Papers Say . . .

By The Way

Contributed by

REV. T. J. STANTON, M.A.

"WEARING BLUE GLASSES"
 A member of the congregation
 when bidding his pastor good-bye
 said, "I don't know what we will do
 without you."

"Why get a better minister, of
 course," said the pastor.
 To this the member replied "That
 is what they all say but they keep
 getting worse and worse."

That is what some people say
 about us all; everybody is getting
 worse and worse.

Of course there were no car
 accidents on the highway when there
 were no cars and no highways. There
 were no people throwing rubbish in
 the streets when there were no
 streets. There were no bank robbers
 before there were banks. Yet one
 searches in vain for the story of any
 time or place when there existed no
 mishaps, no stealing, no wrong
 doing and no wastefulness for former
 days.

The only Red River cart I ever saw,
 I am among some Alberta hills by an
 old trail. It had a broken axle. The
 cart was built of heavy oak wood
 and was well preserved. The oxen's
 yokes had all gone to rust but the
 pieces of metal. Whether the near-
 by bones, were those of the oxen that
 hauled the cart or whether they were
 the bones of other kind that perished
 in these hills, no one knows.

Other than for the presence of
 some small Indian encampment that
 could have been near, this misap-
 prise would have been a hundred miles
 or more distant from any other per-
 son. This cart may have been one
 of a number in a caravan. In that
 case the unfortunate would have
 been a long time in the making of
 a party. In any case it was an ac-
 cident on a lonely trail, involving
 hardships and suffering. If all are
 getting worse and worse, we should
 be willing to exchange our motor
 cars for ox carts, and our modern
 conveniences for primitive conditions.

People used to be so much more
 friendly. Did you ever hear that?
 There was a fire in town. An aged
 widow lost her home. She moved
 to a shack. She was presented with
 some new blankets, new dishes and
 some cash. One woman, who when a
 girl, walked into that countryside
 ahead of the railway, walked two
 miles through mud, water, slush and
 bush to present her contribution.
 It would seem there are still a few
 traces of human kindness, and that
 better virtues have not all perished
 in the struggle for improved
 conditions.

Seeing things in the blue light is
 not a matter of age. Age does not
 lose the future, nor the hope of a
 better future. This blue vision comes
 mostly from the losing of self in
 some trifling matter that embraces
 no future, no expectancy and no con-
 suming wonder. It is the reaction
 that follows having lost one's sense of
 belonging. Everybody wants to be-
 long to somebody and do something.
 There is a bit of history in our
 Bible about a boy who had two
 mothers. They were both good
 mothers. One gave him a palace to
 live in, an ivory bed to sleep on. She
 hired teachers for him. She gave
 him wealth, position and authority.
 His other mother was a slave woman.
 Her people had been enslaved for
 nine generations. A much longer
 time than any of our families have
 been living in Canada. This mother
 gave him her time, her love, her
 prayers, and her God. So when he
 became a man he knew where he
 belonged. He had no doubt about it.
 He was in our eagerness to give pos-
 sessions, pleasures and comforts
 "coveting earnestly the best gifts?"

In one of Wilders stories a mother
 gave her little boy "a stone that
 shone in the dark to look at in his
 sleepless nights."
 In these days as always there is
 much to cause anxiety and sleepless
 nights. But we too have a light that
 shines through all darkness, and the
 darkness cannot put it out. The
 Psalmist said "Thy word is a lamp
 to my feet and a light unto my path."
 D. L. Moody collected three hundred
 and sixty-six promises from this
 "unfailing word," and put them in
 book form. Surely if we believe any
 portions of these we cannot become
 worse and worse.

Jesus had quoted, "Thou shalt love
 thy neighbor as thyself." In an answer
 to the question that followed he
 told the story of the good neighbor
 and said "go thou and do likewise."

"Your Brother has a burden that
 is hard to bear."
 He fell before the tempter in a
 sinful snare.

He looks to you to help him. He
 has drained the bitter cup.
 In the name of Christ your Savior,
 lift Him up."

There has been a tendency in more
 recently formed associations to sell
 a higher percentage of \$50 shares
 with many farmers buying a \$100
 share.

These plants are a means of as-
 suring clean seed grain at very rea-
 sonable rates for the farmers of the
 area where they are established.

Religious Sect Call The Count For Young Alberta Girl

Ed. Note: Following is a news release which appeared in leading Canadian newspapers last week. The issue had not been decided one way or the other at the time this note was written. The wee gal who is the principal in the controversy, lives not too far from our base of operations — it couldn't matter less where she lives — we're still on the side of those who say that if a blood

transfusion is necessary she should have it. Read the first phrase in to report and make your own decision as to what is right — we hope it will be the same as ours.

"So she dies — so what?"

This was the reaction here Friday of a prominent member of the Jehovah's Witnesses, sect to the plight of five-year-old Judy Maddison, victim of an enlarged heart.

Judy, whose parents follow the teachings of the Jehovah's Witnesses, was examined Friday by doctors in the Mayo Clinic, at Rochester, Minn. They have not decided whether surgery will be necessary to correct her condition and save her life.

If it is essential it will almost certainly involve a blood transfusion — and Judy's parents will not give permission for a transfusion, because of their religious convictions.

As the entire Turner Valley-Black Diamond area rumpled that Judy may make a temporary government want to permit a transfusion if it is necessary, the Jehovah's Witnesses refused to become disturbed about the affair.

"So what if she dies?" said a prominent member. "People die every day. Maybe a transfusion wouldn't do any good, and way. She might live to be 25 and die in a concentration camp. Be that as it may, taking blood is against God's laws."

Suspicion which for years has separated small Jehovah's Witness group in Turner Valley and their neighbors appeared to be near-boiling Friday night.

"I've said for years they should be outlawed — especially their ideas about blood transfusions," said one resident who did not wish to be named.

Witnesses, on the other hand took their troubles resignedly. "Persecution of our group was prophesied in the Bible," a member told The Albertan. "We don't want people to dislike us, but they do."

Charles Stuart, servant of the Turner Valley Jehovah's Witnesses congregation, told The Albertan Friday his organization has pledged substantial support to the Maddison family.

Mr. Stuart repeated that no pressure has been placed on Judy's father not to give a blood transfusion. A fund for Judy which had started in Black Diamond and Turner Valley stopped cold Friday morning at about \$240. Mrs. Alice Wishart, in charge of the fund in Black Diamond told The Albertan she received numerous phone calls from persons saying they wished they hadn't donated.

Clifford Willmott, director of the Co-ordinated Council for Crippled Children, issued an appeal in Calgary for people to forget religious issues and remember that Judy still needs support.

Donations reaching Mr. Willmott's office bring the grand total to about \$300. An estimated \$3,000 is needed. "We must not let Judy down," despite the controversy," pleaded Mr. Willmott.

But Turner Valley, which has raised no more than \$10 so far for the fund, insisted Friday it will not support the fund until the blood transfusion issue is cleared.

"It's just like murder," declared William Crocker, a Black Diamond resident who has known the Maddisons for some years. "No religion should ever go as far as denying a child the right to live."

"I'm sure 95 per cent of the people in the district are against allowing that girl to die through lack of a transfusion," asserted Walt White, employed with a Black Diamond hotel. "It just isn't right."

Mr. Maddison, meanwhile, has disappeared and could not be reached for further comment. He did not arrive for work Friday at Anglo-American Exploration Co.

Even in five other children, staying with friends during Mrs. Maddison's absence, said they do not know where their father is staying.

A worried mayor of Turner Valley, Gordon Minnie, told The Albertan Friday his worst fear is that the community may be harmfully split by the controversy.

"As yet I don't know enough about the issue to make a comment," he stated. "But I hope this will never reach council. Let us hope it can be settled."

While it is still not known whether surgery will be necessary for Judy, a large group of citizens Friday agreed that the girl should be made a ward of the government.

To do this, an application would have to be made under the Child Welfare Act to local welfare representative, possibly the municipal secretary-treasurer.

A person familiar with the Child Welfare Act told The Albertan he felt a child in Judy's circumstances might become a ward under a section which states a child is neglected if parents have not secured proper medical treatment.

Recent cases throughout Canada have been made temporary wards under this section.

LIGHT YOUR WAY WITH BIBLE STUDY

The second Sunday in May — Mother's Day. What does it mean to the average person? What does it mean to you?

Quoting from Style, Wednesday, April 13, 1955, we hear Mr. W. E. Preston, proprietor of two small retail stores saying: "Retailers have overstepped themselves in commercializing Mother's Day through institutionalized advertising." Or we hear Mr. Alex Parks, advertising manager of D'Alairds say: "Speaking in terms of sales, Mother's Day is the third best holiday of the year or us, ranking only after Christmas and Easter." Mr. Hymnos, advertising manager of Reitman's also classifies Mother's Day as "one of the best sales periods of the year." Yes, to some, Mother's Day is Big Business.

From personal observations, we see that many an individual will go out of his or her way on Mother's Day and even buy Mother a beautiful red carnation, or even a rose (which is perfectly correct and proper); they may even help to do some odd chore around the house for Mother. But, once Monday morning has rolled around all these warm sentiments of the previous day are gone and forgotten. Yes, some regard Mother's Day as the one day that they ought to remember her.

But, looking at the Sacred Scripture, we read: "Honor thy father and thy mother . . ." Nowhere does it say for One day, but rather, every day and even unto old age. All such, who have this understanding in their heart, need no special Mother's Day; for, then, every day is truly Mother's Day. Every day they offer their thanks to God for their loving and kind mothers; every day they show their love and respect to their mothers by filial obedience and love.

Mother's Day must not become a mere commemoration of something of something that once was. It must be a real and living daily experience in our life.

PUBLIC NOTICE

Re: Town of Didsbury Bylaw No. 714 Natural Gas Franchise

The following is a synopsis of Bylaw No. 714 of the Town of Didsbury which has been given first and second readings by the council and will be finally passed within four weeks after the assent of the Proprietary Electors of the Town of Didsbury voting thereon.

The Bylaw Provides:

1. That the Mayor and secretary-treasurer of the Town of Didsbury be authorized to sign an Agreement on behalf of the Town of Didsbury with the Canadian Western Natural Gas Company Limited for the supply of Natural Gas to the inhabitants of the said town as soon as same is ratified by two-thirds of the proprietary electors of the Town of Didsbury voting thereon when the said by-law is submitted.

2. This bylaw is subject to the approval of the Board of Public Utility Commissioners as has been approved by the said Board subject to the approval of the Proprietary electors.

Following is a Synopsis of Proposed Agreement:

1. The Agreement is between the Town of Didsbury and Canadian Western Natural Gas Company Limited.

2. The Company agrees to supply gas to the Town and inhabitants on or before December 31st, 1956, and the Town agrees to grant a franchise to the Company for twenty years from December 31st, 1956.

3. The Town gives the Company the right to excavate in the streets and lanes to lay the necessary pipe and fittings.

4. The Company agrees to give the Town plans of its distribution system, to do so as little damage as possible and will indemnify the Town for damages or claims in connection with Company operations.

5. The Company will deliver gas to the property line of customers.

6. The Town agrees to join with the Company in an application to the Provincial Government validating the said agreement.

7. The contract may be renewed for a further period of ten years.

8. The rates for gas shall be such as are agreed upon by the parties — failing such agreement, at prices as fixed by the Utility Board.

9. All equipment, plant and pipe

lines are subject to Town taxation, but same shall not exceed 1% of gross receipts for first year, 2% for second year, 3% third year, 4% for fourth year and 5% for 5th and subsequent years.

Schedule of Rate Agreed On Is as Follows:

Domestic and Commercial — First 2 MCF or less

per month \$2.50

All additional MCF per month

Minimum monthly charge \$2.50

When accounts not paid by due date, rate increases 4% per MCF.

Commercial and Industrial — Available to those using more than 3,350 MCF per year.

Fixed Charge \$35.00

Plus Commodity Charge — 3c per MCF

Per MCF

Minimum monthly charge \$35.00

When accounts not paid by due date, rate increases by 3c per MCF.

NOTICE

I, F. L. Evans, returning officer, appointed to take a vote of the Proprietary Electors of the Town of Didsbury on proposed by-law No. 714 to grant a twenty-year franchise for the supply of Natural Gas to the Town of Didsbury, certify that the above is a true synopsis of Town of Didsbury by-law No. 714, proposed Agreement between Town of Didsbury and Canadian Western Natural Gas Company Limited and proposed schedule of rates, which by-law has been introduced and given first reading and will be finally passed by the council within four weeks of the assent of the Proprietary Electors voting thereon.

AND FURTHER TAKE NOTICE that I will attend at the Town Office of Didsbury, on May 25, 1956, for taking the vote of the Proprietary Electors of the Town of Didsbury for and against the said Bylaw. The Poll will be open between the hours of 10 o'clock in the A.M. and 7 o'clock in the P.M.

At 7 o'clock p.m. the same day I will sum up the votes and declare the result.

DATED MAY 1, 1956.

F. L. EVANS,

Returning Officer

18-20c

10 DAYS between PROFIT and LOSS

Ten days ago the grain stood straight and promising in the fields. Then the temperature dropped . . . and the crop bowed to its greatest enemy—frost.

Ten days—your earlier harvest bonus from fertilizer—would have made the difference between profit and loss from frost-killed grain. Elephant Brand high analysis fertilizers, rich in nitrogen and phosphorus plant food and "tailor-made" for the Canadian Prairies, brings grain crops to maturity faster . . . a harvest up to ten days earlier.

Council Clarify Hail Question

Your Municipal Council wish to further clarify certain sections of the Special Notice which appears elsewhere in this paper and which has been circulated to all Proprietary Electors.

1. The mill rate will not be increased by more than 8 mills.

2. The Contract price payable to the Company will be \$72,500.00 payable as follows:

25% on June 20th, 1956; 25% on July 20th, 1956; 25% on August 20th, 1956; 25% on September 30th, 1956.

3. The \$72,500.00 will be added to the current Tax Levy plus the administration costs incurred by the council in connection with this project.

4. This Contract is for one year only.

The Council of the M.D. Of Mountain View No. 49 Didsbury, Alberta.

ZELLA NEWS NOTES

(From Our Own Correspondent)

On Sunday, May 6th nine new members were welcomed into the Zella United Church by the Rev. T. Anderson. Those receiving memberships were Mr. and Mrs. V. Egging, Mr. and Mrs. O. Kolstad, Mr. and Mrs. Neis Petersen, Mr. and Mrs. George McCracken and Leonard Cowitz. Linda Anne, infant daughter of Mr. and Mrs. E. Waldruff, received the Sacrament of Baptism.

At this same service, A communion service plate was dedicated to the memory of Mr. J. B. Worthington who had served the church and community for so many years.

On Mother's Day, Sunday, May 13th, Professor Vogen of St. Stephen's College, Edmonton will be guests speaker with a cordial invitation extended to all.

Mrs. A. Waldruff returned home Wednesday after spending two weeks in the Didsbury hospital.

Mrs. A. Oppen returned Tuesday after renewing acquaintances at Camrose the past two weeks.

Mrs. John Hansen and son, Douglas left Calgary via "The Canadian" on Saturday for New York where they will sail aboard the "Stockholm" for Denmark. Mrs. Hansen will visit with her father Mr. C. C. Larsen and her family, at Kiskadee, Kaitiaki Fyn until the early part of August.

WALTHER LEAGUE HOLDS REGULAR MEETING

The May meeting of Redeemer Walther League opened with the hymn "Come, Thou Almighty King", reading of Psalm 146, and a prayer.

A test on chapter VII of Church History was then taken after which chapter VIII was discussed.

The business meeting opened with roll call, welcoming of visitors, and minutes of previous meeting.

It was decided that the Redeemer service be held on June 10.

It was also decided to have the next regular meeting on May 29th. Instead of the 15th, due to Rev. Fox's absence.

The annual election was held. They are: President, Werner Reinhardt; Vice-president, Jake Mitton; secretary, Alvina Jans; treasurer, John Havlik.

The meeting closed with the Walther League song.

Reg and Marilyn Nuss served lunch to 24 Leaguers and five friends after which the evening was brought to a close with a short devotion by Rev. Fox.

WESTERDALE NEWS

(From Our Own Correspondent)

Mr. and Mrs. A. Koeh and family of Trochu were Sunday visitors at the home of Mr. and Mrs. A. Johnson.

Mr. Francis Jackson motored to Calgary on Sunday to see his father who is a patient in the Belcher hospital.

Mr. Bill Wigley and friend of Stettler visited at the F. J. Jackson home on Saturday.

Members of the young peoples club met at the hall Monday evening to hold a meeting.

Fortune Teller: "This is terrible! Your husband is going to die soon!" Customer: "Yes, I know, but will I be acquitted?"

Little Items of Local Interest

Mr. and Mrs. P. Goossen received word that their son George, has signed up for another five years in the navy. He has been promoted to the position of Petty Officer, second class. He is stationed at Esquimaux.

Two pink swans were sighted last week by Mrs. Ester Brown, who lives east of Didsbury, and were headed in the north-easterly direction. There were two groups of swans, each had a pink one in their midst.

All members of the Ladies Golf club are asked to contribute two items of baking for the sale Saturday, May 19. Used items to be contributed are to be left at the store Friday afternoon between 4 and 5 o'clock.

Mr. and Mrs. R. Macfarlane have taken up residence in the former Ranton home.

Mr. and Mrs. Ed Ford and sons were Edmonton visitors last week to attend the graduation ceremonies of their daughter Geraldine from the Royal Alexander Hospital.

Mr. George Thring was a Calgary visitor Monday on D.V.A. business.

Cliff and Dolores Haderer were Saturday night visitors with their parents. Cliff is the proud owner of a 36 ft. Anderson trailer.

Mr. and Mrs. W. K. Haderer, Keith and Jeanette were Sunday supper guests of Mr. and Mrs. R. Krall and family.

FALLEN TIMBER

(From Our Own Correspondent)

Brian Moore is spending a few days visiting Jeannie and Danny Howton. Mickey Whittle spent Saturday visiting Dennis and Dennis Morrison.

Mr. and Mrs. H. Morrison were Didsbury and Olds visitors Friday. The monthly meeting of the Busy Bees was held at the home of Mrs. Lydia Tenor with all members and three visitors present. Mr. and Mrs. Barry McMullen and Mr. and Mrs. Johnny Howton were appointed to go out and see about the projection machine. A general meeting of the neighborhood is to be held at the home of Mr. and Mrs. Barry McMullen Wednesday evening to come to a final decision. After the business session a 10c draw was held with Mrs. Johnny Howton the lucky winner. Lunch was served by Mrs. Roberta Stair and Mrs. Irene Tenor.

Mr. and Mrs. Barry McMullen and Mr. and Mrs. Johnny Howton were visitors at the home of Mr. and Mrs. Les Evans Thursday evening.

Danny and Jeannie Howton spent Thursday night at the home of Mr. and Mrs. Joe McGaffin.

Keith Cooper is leaving this week for Vancouver.

We are glad to report that Mrs. Leda Cooper is out of the hospital though not allowed to go back to work for some time yet.

Mr. and Mrs. Bill Money and family were Sunday visitors at the home of Mr. and Mrs. J. W. Cheavins of Westward Ho.

Mrs. O. Moore spent the weekend at the home of Mr. and Mrs. Bob Moore. Mr. and Mrs. Bob Springay are working for Mr. and Mrs. W. Fyten.

We understand Mrs. Janet Fyten will be opening a clothing store in Sundre in the near future.

We saw Mr. and Mrs. V. Johnson have moved into the district and hope to soon have their garage in operation.

Mrs. Emma McGaffin spent a few days visiting at the home of Mr. and Mrs. J. H. Cooper. We understand she is going with Keith as far as Creston, B.S. where she will visit a son.

A bear has been visiting the traps of Mr. Stan Morrison. Lily Dick and June Money spent a few days with Anne Marie McGaffin.

Miss Anne Marie McGaffin spent a few days visiting the Dick girls. Mr. and Mrs. W. Blaine and the twins were visitors at the home of Mr. and Mrs. H. McMullen recently. They had just got over the measles.

SHOULD I VOTE FOR HAIL SUPPRESSION

There is no doubt that many farmers in our municipality will suffer hail damage and many more will lose their crops to hail this year if nothing is done to prevent it.

A few farmers, that have missed hail for several years, have remarked that their bins are full so shy aggravating problem of over-production by reducing hail? Of course it is realized by most, that the loss in an area this size has little effect on the overall world wheat supply. The farmers who have lost their crops are entitled to some consideration. Giving them a helping is not only common decency, it is also practising Christianity.

The Provincial Government has given support to Hail Suppression by passing adequate enabling legislation. Without this support hail suppression would not be available. The payment of Hail Suppression according to assessment is the only grassland and less productive areas method fair to all. In this way the plan will accordingly pay less.

We have in our hands the tools to reduce that terrible scourge to agriculture — HAIL. The opportunity to use these tools may not come to us again for some time. Let us accept our responsibility and endeavor to reduce our hail losses.

The Alberta Hail Insurance Board has special plan for the area under hail suppression, whereby reductions in hail losses will be reflected in reduced premiums to a minimum of 5%. These savings in cost of hail insurance can amount to many times the price of Hail Suppression.

The government has passed legislation to give the Municipal council power to hold a plebiscite on weather modification. The council has agreed to have this plebiscite May 14th. It is now in the hands of the taxpayer to make their decision.

Mr. View Hail Suppression Association

CENTRAL ALBERTA HOME AND SCHOOL PLAN CONFERENCE

Red Deer will be the scene of a large gathering of Home and School delegates and members when it holds an important meeting on Saturday, May 12, beginning at 9 a.m. in the junior high school auditorium.

Theme of the day will be "Alberta Needs more High School Graduates,

to increase the number of qualified teachers and to fill the need in other fields.

Alberta is graduating approximately half of the required number of teachers each year. Less than 8 per cent of Alberta students qualify for university entrance.

Something must be done! Members of Didsbury Home and School Association are invited to attend this important meeting.
